## 18) LoA and subsequent EoA till the current Academic Year

Details of AICTE approval are uploaded on the college's website <https://sanjivanipharm.org.in/>

## 19) Accounted audited statement for the last three years: YES

## 20) Best Practices adopted, if any

### 1. Title of the practice: Best practices implemented to impart better and effective technical education

#### Objective:

- Enrichment of Teaching and Learning Process
- Enrichment of skill sets of students
- Interaction with outside world

#### Context:

In affiliating Colleges there are some significant gaps between the needs of the industry and the curriculum offered by the University. The gaps are mostly related to the recent development in technology and the practical implementation of these technologies. The best way to bridge the gap is to collaborate with the industry and get them involved in the teaching learning process.

- Though the college is affiliated to Savitribai Phule Pune University, Pune, curriculum gaps are plugged through expert talks delivered by people from Industry and renowned academic institutions, additional labs other than the curriculum and evaluated systematically through different assessment tools.
- PPTs, Videos, OHPs and short seminars are being used in the Reformed Teaching Learning (RTL) method that results in easy understanding of the concepts by students. In this RTL method, the interaction by students has improved considerably.
- In tutorial classes, students undertake group discussion, problems faced in lectures room, quiz, class test, work exercise, in supervision of a faculty. These measures improve the knowledge in the subject and appropriate planning of any work for achieving the objective.
- Permission to participate in national and Internal conferences, seminars, workshops as per institute norms
- To meet the requirements of industries, Skill Development Courses are organized for the students and the faculty members of other institutions.

- The college engages industrial visits to acquaint the students with practical and basic pharmacy knowledge every year.
- To ensure academic excellence of both teachers and students relevant text books, reference books, standard journals, E-Journals are being procured by the library
- Revision of exercises being done by the concerned teachers to facilitate the slow learners.
- The college has launched Alumni Portal to connect with the alumni and utilize their services, like Guest Lectures, Internship opportunities, placements, etc. under the banner of '**MY STORY BOARD**'
- In collaboration with industries, every year institute organizes an innovative idea competition at national level for budding pharmacists named as '**SANJIVANI AVISHKAR**' in collaboration with industries.
- Institute organizes the motivational talks of eminent personalities from reputed industries/academia/research colleges etc. under **SANJIVANI THOUGHT LEADERS-motivational talk** series
- Through separate career and competitive examinations guidance cell, students have also recorded excellent results every year in the competitive examinations such as Graduate Pharmacy Aptitude Test (GPAT), Common Management Admission Test (CMAT)
- Regular training & placement is imparted in the area of communication skill and aptitude to the students to make them employable
- The college has encouraged students to pursue internships during the vacations and acquire necessary problem solving skills.
- Parents meet are conducted to take the regular feedback about the progress of their ward and overall development of the college.
- A unique counseling process is followed wherein each faculty is allocated 20 students as a Proctor with an objective to constantly follow student progress and accordingly suggest changes in case of any deviation.
- The Institute offers students services like counseling placement training support, personality grooming and Plant Visit / Corporate Lectures / Summer Training / Seminar / Project Report / Continuous Evaluation/ Publication / Pre- placement Talk / For final Placement.

## 2. Title of the practice: Mentorship Scheme

### Objective:

- To prepare students for successful careers in business by integrating academic learning with real-world experiences and to become a model for workforce readiness, embrace by the community
- Help identify career paths for students and support students' personal growth.
- Provide an opportunity for students to learn and practice professional networking skills.
- Equip students with the understanding and tools to make ethical and informed decisions.
- Shape students into confident graduates with excellent leadership, communication, critical thinking, professionalism and other skills important to the transition to the world of work.
- Help students identify and pursue opportunities for employment related to their degrees.

**Context:** The Institute offers students services like counseling placement training support, personality grooming and Plant Visit / Corporate Lectures / Summer Training / Seminar / Project Report / Continuous Evaluation/ Publication / Pre- placement Talk / For final Placement.

The teachers meet students periodically, collects the pros and cons of this method and counsel them to remove the difficulties in their academic performance; this method is called 'Mentoring system'; students' personal issues are also discussed and a proper guidance and support is provided to ensure the comfort of students in the campus.

Mentoring is done effectively assigning a mentor (facilitator) to each student. Mentoring gives opportunity to share the difficulties & problems to get professional help and guidance by building trust and confidence. Periodic reports are generated by the faculty.

For the teacher it is indeed a good platform for talent hunting. Further, a good support for sports, extracurricular activities and co-curricular activities is given to the students through Student Council. The college publishes its updated prospectus annually and provides all the information regarding admission, various programs, student facilities and placement information. The college believes that students are primary stakeholders. In the beginning of every academic year, an orientation program and induction program is organized for newly admitted students and their parents. All aspects of education focus on the core values of contributing to national development while nurturing global competencies among students. The college admits students from all social
