SOLID WASTE POLICY

INTRODUCTION

Sanjivani College of Pharmaceutical Education and Research, Kopargaon was established in 2004 under the aegis of Sanjivani Rural Education Society, Kopargaon. The College is located in rural area in Ahmednagar district of Maharashtra and has been catering to the educational needs of the boys and girls of surrounding many villages. The college has around 20 acres of green campus equipped with ultra-modern facilities for teaching and learning. The college is permanently affiliated to Savitribai Phule Pune University, Pune and is approved under 2(f) and 12 (b) of the UGC act. The institute is committed to transform lives and serve the society through excellence in teaching, learning, cultural enrichment and outreach programmes. The institute provides sustainable and holistic waste management essential in reducing its environmental footprint and providing a safe and healthy environment for teaching and non-teaching staff and students. The institute ensures that all the campus wastes are disposed of responsibly by using proper waste segregation mechanism and if possible, converting it into environment friendly product.

POLICY STATEMENT

The college will implement the "solid waste principle" in the delivery of its waste management system. College will apply a waste handling process, to reduce, reuse and recycle waste products. Solid waste generated in the campus shall be managed and handled in accordance with compliance criteria and procedure laid down in Municipal Solid Wastes (Management Handling) Rules, 1999, published under the notification of the Government of India in the Ministry of Environment and Forest number S.O.783 (E) dated the 27th September, 1999 in the gazette of India, Part II, sub-section (ii). There is a legal requirement for all who produce, keep or dispose hazardous /radioactive / chemical waste of any type to comply with the various regulations under national and international environment protection legislation.

POLICY OBJECTIVES:

The objectives of this policy are

- To confirm that waste management is performed in accordance with all waste legislative requirements, including the duty of caring and planning for future legislative changes and to mitigate their effects.
- To provide clearly defined roles and work to facilitate reduce, reuse and recycle the disposal wastes in a cost-effective manner.
- To endorse environmental awareness in order to increase and inspire waste minimization, reuse and recycling.
- To ensure the safe handling and storage of wastes on college campus.
- To maintain campus with minimum plastic use.
